

PRIVATE AVIATION

CLEAR SKIES AHEAD

GENERAL OVERVIEW

WHAT'S YOUR FLIGHT PLAN?

Visitors to The Bahamas arrive by various means, but there's no disputing that the most scenic route is by air. There is simply no better vantage point from which to soak in the stunning beauty of The Bahamas. No easier way to discover the warmth of our people. No greater freedom than island-hopping across miles of crystal-clear water.

TAKING FLIGHT

The Bahamas has more than 40 airports, including several international airports with well-equipped FBOs and multiple smaller airports and private airfields.

fly away

A SHORT HOP

Leaving the Florida east coast, first landfalls occur at Grand Bahama Island (60 NM) or Bimini (50 NM).

STAY ON COURSE

Overlapping VOR/DME of NOB signals provide course guidance from the U.S. coast and throughout the most frequently travelled routes in The Bahamas.

VISIBILITY & CONDITIONS

While conditions are typically VFR, GPS is the most reliable and accurate method of navigation, and GPS will get you to even the most remote islands.

FUEL UP

In the islands, you are never more than 20 minutes flying time from fuel.

ISLAND HOPPING

You don't need to file a flight plan when flying between islands. Just be prepared to show your Cruising Permit on request.

GOOD TO KNOW

TO MOST PEOPLE, THE SKY IS THE LIMIT.

To those who love aviation,

THE SKY
IS HOME.

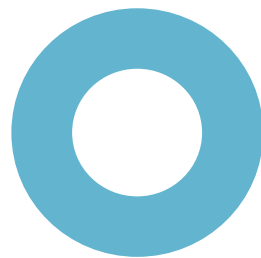

FBOs

GET READY TO TAKE OFF

U.S. - and Bahamas - based FBOs are well-equipped to provide support and service for a seamless flight experience, including fueling, tie-down and parking, aircraft maintenance, and other services.

FLY-INS

WEEKEND THRILLS FOR FIRST-TIMERS & FLYING CLUBS

Whether you're planning your first flight to The Bahamas or you simply love introducing fellow pilots to the thrill of flying over water, The Bahamas Fly-In programme offers an unmatched experience in a community of pilots who know—and love—our beautiful islands.

FLYING AMBASSADORS

The Bahamas Flying Ambassadors are a group of seasoned private pilots with extensive experience flying to, and around, The Islands Of The Bahamas. With the goal of introducing new pilots to this unique thrill, the ambassadors make themselves available to share their knowledge of The Bahamas, and the ease of flying across the Gulf Stream.

"Flying puts you in fantasy land, then you land and that fantasy continues."

— Jeff Birch, Private Pilot

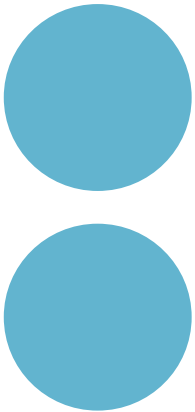

ISLAND HOPPING
📍 THE EXUMAS

RESOURCES

CUSTOMS

REQUIREMENTS & FEES

Pilots must complete three Inward Declaration and Cruising Permit forms (C7A). You'll keep one stamped copy with you; if you're travelling to multiple islands, you may be asked for it by Customs at different airports. Each person also will complete a Bahamas Immigration Card.

Expect landing fees at many of the government airports, as well as ramp fees at the FBOs in Nassau and Freeport. A \$29 departure tax applies to all passengers, as well as the pilot and co-pilot. Landing fees are calculated by aircraft weight, ranging from \$4 to \$75.
